Today more than at any other time in our lives is the time for all of us to come together to shape federal government policy that will drive the watermelon industry for growth and success. For over 100 years NWA members have come together to accomplish more than any one company could alone. Today, we face threats of punitive legislation, regulatory burdens and a lack of some key legislation that challenge our profitability and long-term viability as watermelon businesses.

Your commitment is needed to make a Difference! Say Yes! Decide TODAY to make an impact and help the Watermelon PAC to support federal candidates that defend and pursue our industry's interests. The guidelines listed below are suggestions only ... you are free to contribute more or less, or not at all.

**SIGN ME UP FOR:**
